🏢 INTERNSHIP

Bodha Software Technologies

Full Stack Developer(Remote)

08/2022 – 09/2022

Bodha Software Technologies is a platform which provided an internship for 2 Months. During the training period I've learned about technologies and Languages which helps me to get involvement in a real time project. I have been a part in a project named as Digital Health Records, in this project my role is to make a connection between front-end to Database through the Back-end by using Java programming Language.
